*what brave fools are we
that sight this endless path
 with victors' smiles,
as those brave souls before us passed
and those of future times will find —
 this path of life
 so cruel,
 so kind
this road is long — I shall not falter!!!*

*and yet for all our talk of glory,
 flaming wisdom,
 gleaming eyes,
lurks but a touch of healthy fear
this road is long — oh, shall I falter?*

*hoards before have passed this way,
sometimes despair — are we different than they?
how can we prove ourselves
 when it's all been done before?*

*But it hasn't
 not by us —
 not by us to add our touch —
make it special — make it sparkle
 “catch a tiger by the toe”
we're scared, brave fools at best —
 we shall not falter!*

Dear Mr. Ernst,

Four years ago we both entered North High, each of us not knowing what the next four years would bring. Through your guidance, we have adjusted and developed from confused and naive Freshmen to confident and mature graduates. You have always taken into consideration our ideas and have acted in our best interests. You have never hesitated to give us the responsibility necessary to make the innovations that have taken place at North High successful.

What we owe to you can never be repaid. With a deep sense of gratitude, we, the class of 1974, dedicate our Archon to you.

Principal's Message

The Class of 1974 has many reasons to be proud of its significant accomplishments. Under near impossible conditions caused by split sessions and over-crowding, this class has compiled a record in academics, sports, and co-curricular activities unsurpassed in the history of this school.

In addition, your efforts on behalf of the Community Action program have exemplified your unselfish attitude towards North High School and the community. I am sure that your willingness to confront cheerfully and overcome obstacles foretells a future which will be replete with continued successes.

Please accept my sincere congratulations and best wishes as you face the many challenges ahead.

Call it the Wind

I find an opening through the leaves,
something to hang on to,
and I climb
until I reach a branch that will not break.
I rest here,
leaning my head on its wet bark,
thinking, holding:
feeling the sunrays sift through the leaves.
Soon the wind comes,
just enough to feel, enough to call it a wind.
After many years
I find I am still here,
holding on to,
believing in the branch,
Letting my thoughts come,
I gradually reason it out,
what is the principle of this tree:
that the branch leads to the trunk,
the trunk to the roots,
and before I know it
I am believing in what a seed in the ground can do.
I find I am glad that
I am on a branch that won't break;
and I climb up higher in the tree
only when I feel that there are more branches
that will not break.
I know there are.

Manager Keith

Through concerted effort and teamwork, the girls' field hockey team had both a winning and satisfying season. Their tie with South, Bay State League runner-ups, highlighted their season with the last game against Walpole, played in the mud and rain, one that they'll never forget. They owe deep thanks to their coach Miss Jezukawicz for her time and effort and they wish good luck to next year's varsity team.

Features and Activities

*You are a child of the universe, no less than the trees and
the stars;*

You have a right to be here.

*And whether or not it is clear to you, no doubt, the universe
is unfolding as it should.*

*Therefore be at peace with God, whatever you conceive Him
to be.*

*And whatever your labors and aspirations, in the noisy
confusion of life, keep peace in your soul.*

*With all its sham, drudgery, and broken dreams, it is still a
beautiful world.*

Be cheerful.

Strive to be happy.

Congratulations to the Class of 1974

We know the sigh of relief that comes at the end of your final exam. Long years of study behind you, and a big wide world ahead.

But even at that it isn't the final test or the end of your learning. The biggest tests still face you in the choice and fulfillment of your life's work. Many plan for college, some must reckon with the armed forces. Others will seek positions in industry, trade, business. We, at Dennison, congratulate you on your past accomplishments; if your future plans call for steady employment or summer work, we'll be glad to discuss your problems with you.

Our Employment Department will welcome the chance to outline opportunities existing in our offices, factory, and warehouse.

The way to a girl's heart.

Why must I be a teenager in love?

Yes, we can-can.

You're about to take a giant step forward into your future. We think we can make it the bright one you want it to be at New England Telephone. With a job that's every bit as big as your ambition. You see, we need people. With all kinds of talents. And especially, people who really want to get going with their future. And want to be rewarded with automatic raises. If you want a job and a future that's tailored to your talent... along with unusually generous fringe benefits, stop in and see your guidance counselor. Ask when and where you can apply for an interview with the people who want to make your future as happy as you want it to be.

RECIPE FOR HAPPINESS

Take one cup of kindness, add a substantial portion of patience and mix well with the Golden Rule. Put in a generous amount of hard work and determination, along with an equal portion of fair play. Pour into a mold of friendliness and warm with a cheery attitude.

Remove all seeds of hate and sift out irritableness and any old grudges. Trim off self-importance and self depreciation. Cut away indifference, intemperance and fear. Then sprinkle well with faithfulness and love.

If you follow this recipe precisely, you will find it makes life appetizing, I satisfying, and easily digestible. Try it.

Reflections

*Don't you feel a change a-coming
from another side of time?*

Memories light the corners of my mind

Misty watercolor memories of the way we were

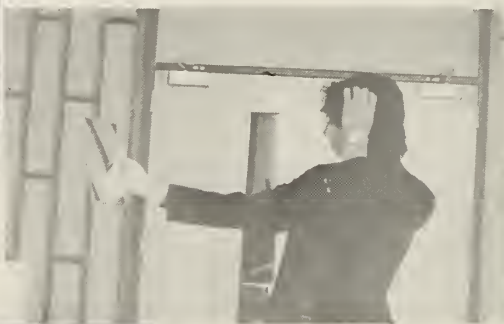

Scattered pictures of the smiles we left behind

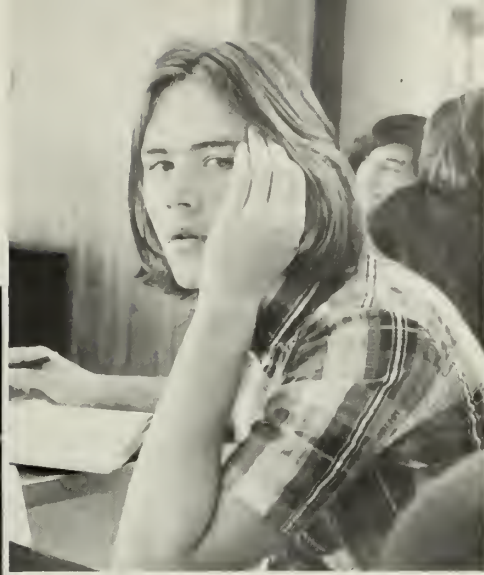

Smiles we gave to one another

for the way we were

So it's the laughter we will remember

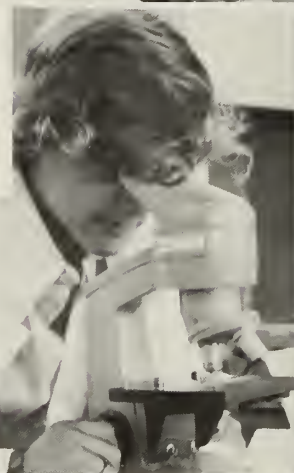

Whenever we remember the way we were —

The way we were

We are not helpless:

We your children we would ask you all

Please benign your eyes

And listen when we call

We will whisper, shout, we'll make a scene.

We are the answer.

for we can live in peace, we can

*All are strangers
All are friends
All are brothers.*

*what brave fools are we
that sight this endless path
 with victors' smiles,
as those brave souls before us passed
and those of future times will find —
 this path of life
 so cruel,
 so kind
this road is long — I shall not falter!!!*

*and yet for all our talk of glory,
 flaming wisdom,
 gleaming eyes,
 lurks but a touch of healthy fear
this road is long — oh, shall I falter?*

*hoards before have passed this way,
sometimes despair — are we different than they?
how can we prove ourselves
 when it's all been done before?*

*But it hasn't
 not by us —
 not by us to add our touch —
make it special — make it sparkle
 “catch a tiger by the toe”
we're scared, brave fools at best —
we shall not falter!*
